We would like to wish Conor & Edel Gerla and their wonderful parents all the best as they embark on an international move to Ireland in mid August. LICE TREATMENTS

As a good rule of thumb check your child's head for Nits (lice eggs) or live Lice Bugs every 3 days or so.

If you should find Nits or Lice Bugs PLEASE let the office know and treat your child as soon as possible. There are also a few local companies that will treat your child's head for you. With their services you are able to go back for check ups.

Please DO NOT send your child to school until they have been properly treated!

LATE PICK UP FEE

Please remember that Avalon does close at 6:00 pm. If you are running late please call the front office. A late pick up fee will be applied to your account and must be paid at
